Re: Call for Justice

Dear Ambassador,

We receipt information from our affiliation International Metal Workers Federation (IMF), Napoleon Gomez Urrutia, the democratically elected general secretary of the National Miners' and Metalworkers Union (SNTMMSRM) was forcefully removed from his position in March 2006 after speaking out against the Mexican government and mining company in response to a tragic mine accident that left 65 miners dead. The government appointed a new general secretary, who is not a member of the union, and seized all assets of the SNTMMSRM and Gomez.

As we know, Mexico is democratic country. Government action to control Trade Union activity and autonomy is not democratic. Freedom to speak is part of basic human right.

On behalf of 64,000 members of Lomenik Federation in Indonesia, we strongly protest for Government Action to restrict human right.

In the spirit of International human Right Day, 10 December 2006, As representative of the Mexican government, we call upon you to give more attention on this case and bring justice to the workers.

sincerely yours,

Eduard P. Marpaung
President of F Lomenik SBSI
